TIRES AS A FUEL SUPPLEMENT: FEASIBILITY STUDY

Report to the Legislature
January 1992

CALIFORNIA INTEGRATED WASTE MANAGEMENT BOARD

Acknowledgments

This report was written under the direction of the Policy, Research and Technical Assistance Committee of the California Integrated Waste Management Board (Board). Staff of the Board's Technology Evaluation Branch prepared this report with assistance from staff of the California Air Resources Board (CARB). Report review and comments were provided by the CARB, the California Energy Resources Conservation and Development Commission, local air pollution control and air quality management districts, and various representatives from private industry.
